

## Lakestream Fly Fishing... A great Montana adventure

Steve and Sharon Thompson, owners of Lakestream Fly Fishing Shop, invite you to experience the adventure of fly fishing some of Montana's most beautiful rivers and lakes. Join us on the Flathead River, the Clark Fork River or one of our many local lakes for a fun filled day not soon forgotten.

Be prepared for action – the native Cutthroat Trout and the fierce fighting Rainbow Trout are abundant and eager to strike your fly. Our guided trips are exciting and fun for the whole family (no prior experience required).

Our guides are exceptional; they have years of experience guiding on the waters you'll be fishing. They are also patient and informed instructors, who have a passion for fishing and an appreciation for the area and the people they guide.
